

## Golf Club Blazer Buttons

by John Sagi

My name is John Sagi. I collect Golf Club Blazer Buttons. Due to family health problems I've been away from collecting for close to five years.

I have a website for my Golf Blazer Button Collection and I'm creating a Golf Club Button Newsletter so I can update collectors with information on unknown Golf Club Buttons. Please pass the word about my website to those who may be interested.

<http://www.golfracer.com/golfracer.org/buttons/buttondisplay.html>

The major part of the displayed collection is of Golf Club Buttons from throughout the World. I believe by displaying my collection it may receive interests from collectors throughout the world. I will display images and drawings I receive. If you have articles that you believe could help collectors, email me and I'll post them. Any and all information is deeply appreciated.

The newsletters that shall follow will also have a section to buy, sell and trade. John Sagi [johnsagi@sbcglobal.net](mailto:johnsagi@sbcglobal.net)
